First Blow In The Battle For Tunisia Struck By British

By the Associated Press

London, Nov. 12.—The air battle for Tunis was under way today, with Allied fighters getting in the first blows, while German and Italian forces rushed to battle positions in southern France and Corsica in desperate fear of an American invasion of Europe from the south.

Thus were the battle lines drawn in the western Mediterranean: 1. French naval chiefs pledged their Toulon battleship squadron to "resist all aggression" and their move kept the Toulon naval base out of Hitler's hands—for the time being at least.

2. Long-range two-engined RAF fighters, striking presumably from Malta, attacked the airbase of El Aouina at Tunis yesterday, destroying 19 planes and damaging many more—all identified definitely as German Junkers, Focke-Wulf and Fiesler Storch models despite Axis denials that German and Italian air forces were in Tunisia.

3. United States troops under Maj. Gen. Charles Ryder and the British first army under Gen. K. N. Anderson were reported keeping close to Tunisia from the west for a test with the Axis, and they were expected at the Tunisian border today. It was disclosed

London that Anderson commanded this thrust, with Ryder acting under his orders.

4. The Italians announced the capture of Corsica, French Mediterranean island which Rome has coveted, and said their troops had passed Nice and reached the Rhone in their part of the capture of southern France.

5. The German high command said that Axis planes had bombed American-held Algiers and had scored hits on an aircraft carrier, cruiser and a big merchant ship of the Algerian coast. The communiqué also claimed that two transports totaling 16,000 tons were sunk at Bougie, Allied-occupied port 110 miles east of Algeria, and that 12 warships, merchant ships and passenger ships had been damaged by bombs.

The Germans announced that their panzer divisions had reached the French Mediterranean coast but it became apparent quickly that something had gone wrong with the Nazi führer's scheme to (Turn to Page Eleven)

Hitler Moving Troops West

BY FRANK O'BRIEN

Ankara, Turkey, Nov. 12.—(P)—As a result of the new American-British offensive in North Africa Adolf Hitler was reported to be withdrawing troops from the Russian front and moving them hastily westward to protect his flank against a possible Allied thrust across the Mediterranean.

According to one well-informed source who may not be named, preparations are being made by Germans to bullet 40 divisions in the Russian front in Hungary and Yugoslavia—or approximately a quarter of the entire Axis forces now battling the Red Army.

Such a withdrawal, if carried out, obviously would relieve pressure on the Russians and might enable them to launch a winter offensive with good chances of success, it was stated.

Advices from Istanbul last night indicated that Rumanian and Hungarian railroads already were crowded with German troops moving toward the general direction of Greece and Italy.

The total includes 3,854 dead, 1,190 wounded, and 7,971 missing. Totals for the marine corps were 734 dead, 703 wounded and 1,900 missing, for the coast guard, 37 dead, 11 wounded and 126 missing. The navy pointed out that some of the men listed as "missing" might turn up safe.

Preliminary Details Of AEF Venture Revealed By Army

Washington, Nov. 12.—(P)—The disclosure today that Maj. Gen. Mark W. Clark, deputy supreme commander of the Allies in French North Africa, gone secretly by submarine enemy territory before the North African attack started and negotiations with representatives of the French general, Henri Giraud, came in an announcement that President Roosevelt has nominated Clark for promotion to Lieutenant general in recognition of his brilliant service in the preparations for the North African operation, and dur-

NAVY ESCORT WINS PRAISE OF STIMSON

Secretary of War Says Enemy Subs Were Almost Impotent Due to Fine Work of Sea Units

BUT ONE SHIP DISABLED

Washington, Nov. 12.—(P)—Secretary of War Stimson said today that despite efforts to keep the North African expedition a secret, the enemy apparently suspected an attack and was believed to have concentrated an extremely large force of submarines in that area.

"The army," he told his press conference, "is deeply grateful to the navy and to the British navy for the magnificent service they rendered in escorting our troops through waters which we know were infested with submarines."

Stimson said that despite the secrecy of the operations it would have been foolish to underestimate the enemy's intelligence to the extent of assuming the Axis knew nothing of the proposed attack on French North Africa.

But, he added, "so vigilant were our naval units that the enemy submarines were almost impotent."

One troop ship was disabled by enemy torpedoes, Stimson said, but the troops aboard launched their landing boats and went ashore.

Stimson said the entire North African operation was not only an outstanding example of efficient planning and unified command but it proved that the infantry, now as always, has a leading part in warfare, and has not been replaced by more recently developed arms.

The excellence of training provided for American troops, Stimson said, was demonstrated by the fact that most of the men in the North African operation were on board ship for more than a week, went ashore in darkness, fought and marched all of the succeeding day and in many cases through the next night, but were in such excellent condition "that very few were forced out of combat by exhaustion."

"The operation demonstrates the high qualitative character of American forces," Stimson said. "We are entitled to take encouragement from that fact, but at the same time we would be very foolish if we magnified the size or extent of this operation, or minimized the task before us in raising training and completing an army sufficient to finish this war."

Melbourne, Australia, Nov. 12.—(P)—Prime Minister John Curtin asked today that all churches throughout Australia ring their bells next Sunday in thanksgiving for victory in North Africa.

Berlin (From German Broadcasts), Nov. 12.—(P)—Three German armored divisions, the vanguard of Nazi forces occupying hitherto-unoccupied France, have reached the Mediterranean coast, German radio reported today.

Bern, Switzerland, Nov. 12.—(P)—The Germans will not occupy Toulon naval base because the French commander has agreed to safeguard the fleet, the Vichy radio announced today.

London, Nov. 12.—(P)—The Paris radio reported today that all Turkish soldiers, sailors and airmen had been ordered to join their units immediately.

Reduction In Air Activity In Stalingrad

Washington, Nov. 12.—(P)—A sharp reduction in German air activity over the Stalingrad front was reported today in Soviet military dispatches, which noted that the Nazis were using outdated planes and dropping only small bombs. This might indicate a shifting of first line air units to other fronts, perhaps southern Europe.

During the past twenty-four hours, barely two hundred flights over the lines were observed, the newspaper Pravda said, by comparison with a previous daily average of 1,500 to 2,000 daily.

German garrisons, clinging to precarious footholds on the outskirts of Stalingrad, were reportedly placing metal nets over the windows of occupied houses for protection against Russian hand-grenades.

Convoys Give Knox Two Sleepless Nights

McKeesport, Nov. 12.—(P)—Rep. Samuel A. Weiss (D-P) disclosed during a visit to war plants here by Secretary of the Navy Frank Knox that Knox spent three sleepless nights last week worrying about the huge convoy of American soldiers which landed safely on the west coast of Africa.

"I just couldn't get myself to sleep for worry," Weiss quoted Knox as telling him on their airplane trip to Pittsburgh from Washington yesterday. "Finally my wife got the Bible and read the 23rd Psalm. The Lord is my Shepherd to distract my attention."

The disclosure came in an announcement that President Roosevelt has nominated Clark for promotion to Lieutenant general in recognition of his brilliant service in the preparations for the North African operation, and dur-

ing the attack itself.

"He had seen the representative of Gen. Henri Giraud. In this conference, General Clark opened negotiations which brought about the close collaboration of General Giraud with the United Nations."

"After the occupation of Algiers by United States troops, General Clark set up advanced headquarters in that city and conferred with Admiral Jean Darlan. As a result of this conference, Admiral Darlan issued orders directing that all forces under his command in French North Africa cease hostilities against American and British forces."

"I just couldn't get myself to sleep for worry," Weiss quoted Knox as telling him on their airplane trip to Pittsburgh from Washington yesterday. "Finally my wife got the Bible and read the 23rd Psalm. The Lord is my Shepherd to distract my attention."

The communiqué said that two transports totaling 16,000 tons were sunk at Bougie, the Allied-occupied port 110 miles east of Algeria, and that "continuous waves" of Axis planes attacked a landing group and damaged 12 warships, merchant ships and passenger ships.

In this group of damaged ships,

it was said, were another aircraft carrier, a heavy cruiser and two destroyers.

Meanwhile, in the western Mediterranean German submarines sank a troop transport of 19,600 tons, another of 12,000 tons and a freighter of 4,000 tons, while two warships, including a destroyer and a guardship, were damaged.

The communiqué said that the

WPB Restricts Sale Of Rubbing Alcohol

Washington, Nov. 12.—(A)—Corner drugists no longer can sell ethyl rubbing alcohol except upon the written order of a doctor.

The War Production Board made this ruling today in an effort to save nearly two million gallons yearly and make additional supplies available for use in manufacture of explosives, synthetic rubber and other chemical operations necessary to the war effort.

The only persons who may obtain rubbing alcohol without a doctor's prescription are physicians, dentists and veterinarians.

LONGER WEEK PROPOSAL OF COMMITTEE

Senate Group Sharply Criticizes Failure to Evolve Comprehensive Program

COMMISSION IS SCORED

Washington, Nov. 12.—(P)—The Senate defense investigating committee, strongly advising against compulsory manpower controls, today recommended lengthening of the work week to 48 hours, with any additional overtime to be paid in government bonds.

In a report sharply critical of the administration's failure to evolve a comprehensive program, the committee urged that the problem of channeling sufficient workers into war industries be approached by government direction of employers' hiring policies "rather than in coercive measures applied to the individual employee."

The report, prepared under the direction of Chairman Kilgore (D-Wa.), of a subcommittee proposed that the work week be increased to 48 hours "wherever practicable," with the additional overtime pay given to workers in bonds which they could cash only after the war or could use only in meeting federal taxes.

"Suspending the 40-hour week in nonwar industries, with the proviso that employers be permitted to pay overtime to the extent paid in 1942, should be studied as a possible answer to severe labor shortages in our civilian industries."

The mass of Rommel's retreating army has reached a point between Bardia and Gambut in Libya, the communiqué said. Trucks and bomber cars were attacked by fighters and fighter bombers of the Allied air forces.

Later dispatches, however, said that the eighth army had finished clearing Egyptian territory of the enemy. The only Axis soldiers remaining were on their way east as prisoners, after a clash at Bubing, just inside Egypt, where a Nazi suicide rearguard tried to hold out yesterday.

The public knows there is a manpower problem because it is becoming increasingly difficult to obtain any kind of help and because industries are slowing down for lack of labor," the report said, adding:

"There have been scores and hundreds of public utterances from Washington telling about the manpower problem, criticizing the public for failure to co-operate in meeting federal taxes."

The British communiqué said that ten Allied aircraft failed to return from the operations in Libya and Tunisia.

British bombers continued to smash at Tobruk where a sizable garrison of Rommel's troops is waiting the arrival of the Axis desert army, and other formations continued to bomb the airfields on the Italian island of Sardinia, jumping-off places for Axis planes operating against U. S. troops in Algeria.

Advertising Is Essential Nelson Says

(From Page One)

Nelson declared that advertising was an "essential part of our communications system," adding:

"We dare not destroy or cripple that communications system in wartime, and we have no remotest desire to do so."

He said he saw "no reason why any man should assume, now, that no scope is going to be left for the free exercise of his talents; I see no reason to assume that the field is going to tighten up so much that advertising will not still have an important job to do in the distribution of goods."

Captain Oliver Lyttelton, British minister of production, told the association that the United Nations invasion of Africa was "the greatest amphibious operation in history," and said that the number of ships in convoy was well over 500, in addition to more than 350 vessels of war.

As Knox toured the war plants and watched the forging and finishing of shells and bombs he talked to several girl workers, expressing particular interest in the number of women.

"This is one of our great reservoirs of power and it will have to be tapped increasingly," he said of them.

At a press conference in a factory resounding from the banging of war production machinery, Knox said he wanted to emphasize the "exquisite coordination of the army and navy and the British in bringing to a successful conclusion the initial attacks on North Africa."

FARM NEWS

Harrisburg, Nov. 12—(P)—County quotas for rationing farm machinery to Pennsylvania farmers will be established by the state war board as soon as a permanent system for allotting equipment is put in operation by the federal government.

James Walker, chairman of the State War Board, said quotas are expected to be set at 20 per cent of 1940 production. He pointed out emphasis will be given equipment which saves the greatest amount of labor.

Farmers currently needing equipment to maintain production may obtain it under a temporary program operated by county rationing committees supervised by the State War Board.

Unrestricted now are several miscellaneous items of farm machinery which do not require critical materials. Repair parts also are available.

Walker called on farmers to participate in elections Dec. 4 to name community committee men for conservation committees and to elect delegates to county conventions. Convention delegates will select county triple "A" committees and the chairman of each county committee will act as county war board chairman.

Secretary John H. Light of agriculture reported that the bureau of plant industry has successfully carried out this year's part of a three-year bee inspection program.

Chief Petty Officer Edward White, USN stated yesterday that he had visited most of the ports on the Mediterranean that are being featured in the news. He is vastly interested in the report relative to Tunis which he feels is favorable to the Allied Forces and he also says that most of the ports that fell into Allied hands were friendly to the Allies. Hitler in dispatching men into unoccupied France is doing the very thing the navy men expected him to do. "We have been watching that," said Officer White.

ENLIST IN NAVY

Youngsville, Nov. 11—District Commander Wade Osnider of Oil City, was the guest of Halgreen-Wilcox Post of the American Legion and the Ladies Auxiliary at their annual Armistice Day dinner, held this year on Tuesday evening, Nov. 10th, at the Legion hall. The new uniforms of the Legionnaires made a very snappy appearance at the dinner. Earl Walter, acting as toastmaster, introduced Mrs. Roy Crandall, who led in singing the old time war songs. He then introduced the guests of the evening, J. F. Osnider, district commander; Charles Fleischman, district adjutant, and Harvey Fritz, with their wives, all of Oil City. These men all responded appropriately. Music for the occasion was rendered by Miss Thelma Crandall and Miss Beverly McIntyre, who played piano solos, and a piano duet by Misses Helen Lee Patch and Miss Janet Lucas. Rev. C. M. McIntyre, of Youngsville, delivered the address of the evening, emphasizing the points necessary in a lasting peace. After singing "God Bless America" moving pictures were shown by Isadore Schnell, of Pearl Harbor, and the local Memorial Day parade last June and nearby scenery.

The latest figure is 1,000,000 bushels, compared with 1,220,000 bushels, on Oct. 1 last year and an average of 1,595,000 for the previous five-year period.

ACCOUNTING OF STEWARDSHIP

In an editorial on the 16th of April preceding the campaign of the Warren Community Chest in the spring some factual figures were given which we are re-producing today. They have to do with a few of the activities of the participating organizations during a twelve months period.

1,505—Boys and girls took part in scouting
8,393—Pieces of clothing were given to the needy
42,845—Pints of milk were furnished children
1,141—Free nursing calls were made to the indigent sick
777—Transients were cared for
261—Free nights lodging were provided for the homeless

Translating this service into terms of money discloses that each service cost about eight and one-half cents—an accounting of stewardship to be highly commendable.

The Extension Campaign which is now being conducted by the Chest to care for the financial requirements of the Visiting Nursing Association, the Warren Relief Association, the Salvation Army, the Boy Scouts, the Girl Scouts, the Y. M. C. A., and the Y. W. C. A. during the period in 1943 from April to October merits the whole hearted support of the community. Aside from the ever important humanitarian aspect it seems just good business for all of us who work or live in or near the Borough of Warren to give most careful thought to the present Chest Campaign. Of course the war is calling upon all of us to make unusual sacrifices both in our time and in our money. We can save a little perhaps if we reduce our support of philanthropic and character building agencies but to choose this course would be hazardous because worthwhile as the organizations were during Peace time they are literally essential now.

Wars are not won by bombs and bullets alone. The spirit of the people is vital to victory. The Community Chest—through its member agencies—is doing an admirable job in building and maintaining the morale of our citizens . . . is fortifying our home defense now! They must have our financial support.

TIME TO BEGIN REAPING

There has been criticism of our policy toward Vichy France. That policy rested upon a gamble. One element in the gamble, it can be disclosed, was the hope that by over-tolerance we could convince the French people of our deep sympathy, against the time when we might come to their deliverance with armies.

That time may be close. (That is logic; the high command has not told us.) Soon we shall see whether we have helped the French to salvage the self-respect and fighting spirit to refuse to heed their Axis-controlled government when it seeks to make them resist our efforts to free them from slavery.

Sportsmen's organizations in the county have suffered a second severe loss within the short space of less than two weeks in the death of Edward W. Sweeting, who was laid to rest in Oakland cemetery this afternoon. Mr. Sweeting and "Barney" Nicholson, of Tidioute, who died suddenly while hunting October 30th, were two of the most active followers of outdoor life in the section. Both had devoted much time and effort in promoting activities for the benefit of those who enjoy hunting and fishing.

Retail merchants should keep in mind that meeting tomorrow morning at ten o'clock at the office of the Warren Chamber of Commerce when Christmas promotion and holiday store hours will be considered. Citizens generally should be interested in this announcement for it means that so far as Warren is concerned it will be "Christmas as usual" in spite of the war.

The size of the crowd in attendance at the Armistice Day exercises at the Library Theatre Wednesday morning was no credit to the patriotism of a lot of citizens who were not compelled to work on the holiday.

Many a motorist discovered early this morning that it isn't hard to observe that 35-mile-an-hour speed limit on a slippery pavement.

Program Held By Sheffield Legionnaires

Sheffield, Nov. 11.—With about eighty members, their wives, husbands and invited guests in attendance, Frank M. Glendenning Post, 503, American Legion, and its auxiliary fittingly observed Armistice Day at the Legion Home starting with a dinner at 6:30, a fine program and later bingo.

Rev. Ivan Rossell gave the invocation before the dinner, served in the Home, which was tastefully decorated in red, white and blue, and was enhanced by candlelight.

Miss Evelyn V. Peterson, Auxiliary president, gave the welcome address and announced the following program:

Trio—Robert Benson, John Cochran, and Elliott Potter; Reading, "Let Us Have Peace"; Mary Ann Christian, Saxophone solo; When Love Is Kind and Villa Song, James Shick, Piano solo; Minuet, Carolyn Hanson. Reading Partridge Time, Mary Ann Christian, Accordion solo; Ann Yutze Duet, Ruth Gustafson and Helen Stenstrom.

P. J. Finerty introduced the guests of honor that included: Mr. and Mrs. H. R. Carr, gold star mother and father; Miss Clara Dunham, war-time nurse; James E. Parr, Co. B, 88th Engineers, Camp Beaufort; La. Staff Sgt. Paul A. Lindsey, 480th School Squadron A, A, F, HAGS, Harlingen, Texas, and W. O. Christensen, Camp Allen, Norfolk, Va.

Miss Evelyn Norlin sang, "Are we Forgotten dedicated to those who gave the supreme sacrifice."

Address by Rev. Rossell, pastor of the M. E. church, Solo Our Country, Miss Norlin. Mr. Finerty finished the program by speaking to the members of the Legion and thanking the Auxiliary. The rest of the evening was spent in playing Bingo.

Mrs. Ellen Stenstrom had charge of the kitchen, and Miss Theressa Johnson of the decorations.

Mrs. T. W. Martin is spending two weeks with relatives and friends in Oil City.

Mrs. Muriel McDowell has left for Buffalo, N. Y., where she will be employed.

Misses Lucille Baynes and her niece Edith Curtis spent the weekend at the home of Mr. and Mrs. Glen Curtis.

Mr. and Mrs. Paul Zirak of Pittsburgh, Pa., were the house guests of Mr. and Mrs. J. D. Whyte over the weekend.

HIMMELSBACH-MAHAFFY MARRIAGE IN HONOLULU

Word has been received here that Gladys Orpha Mahaffy, daughter of Mrs. Elizabeth Mahaffy, of Warren, became the bride of Albert Anthony Himmelsbach, Jr., of the United States Army and son of Mr. and Mrs. A. A. Himmelsbach, of New York City, on September 7 in St. Peter's Episcopal church in Honolulu, with Rev. Y. Samark officiating.

The bride wore a street frock of pale blue, blue and white accessories and a pink carnation lei. Mrs. Himmelsbach is a practical nursing arts instructor at Queen's Hospital in Hawaii. She received her training at Jamestown General Hospital in Jamestown, N.Y., and also did special study at Columbia University Hospital.

Players' Cast and Entertainers Give Splendid Rendition

Warren Players' Club members attending the November studio session at the Woman's Club last evening were fully recompensed for their efforts in turning out on a stormy night when Lester Muthert presented his all star cast in an old timer, "The Yankee Pedler."

Seen in action in this forceful and intriguing bit of drama were Martin Alanders, Robert Jewell, Emma Linck, Virginia Peterson, Ellsworth Babbitt, Warren Clark, Vera Neal, Lester Muthert, Don Folkman and William Genge.

Incidental music and accompaniment for the special acts was rendered by Madame Zubinsky, known to her friends as Mary E. Conway. Her old time theatre manner of delivery was given a big hand by the enthusiastic audience and her carefully chosen numbers furnished a splendid build-up for the mood of the three acts to follow.

Madame Zwickbach might easily have been the toast of Vienna or any other city if she put her songs across the footlights in any such manner as did Fern Mostert, prima donna voluminously clad in pink taffeta, bobbing plumes and articulate black fan. Surely not since the good old days has there been such a rendition of "The Curse of An Aching Heart" and "Only a Bird in a Gilded Cage."

Added to this piece de resistance was the soulful solo of Algernon Fitzsimmons, whose dramatic tenor in "Take Back Your Gold" was scarcely recognized as the voice of Don Folkman; and the left flank Alloysius Avery, provided by Bill Genge in a lifting trio unique to which sang "She Is More to Be Pitted Than Censured." In true Rosco Hall tradition, Madame Zwickbach returned to the boards at the end of the third act to lead the audience in a rousing community sing of old familiar.

HONOR BRIDE-ELECT

Miss Angie Scalise was hostess at her home, 413 Taft Place, for a personal shower which honored her sister, Miss Mary, who will be a bride November 25. Bunco was enjoyed and prizes were awarded to Miss Felicia Lucia for high score and to Miss Mary Scalise for low. A two course luncheon was served in late evening, after which a treasure hunt revealed to the bride-elect a great many lovely gifts from the following:

Misses Rose Scalise, Ellen Scrivano, Ann Lucia, Lizzie Schulz, Edith Scalise, Patsy Colmy, Alvina Lucia, Prudence Cardigan, Marie Scalise, Sunny Lucia, Sally Tremaine, Elaine Regina, Anne Cardman, Felicia Lucia, Mrs. Lucy Saglimbeni, Mrs. Rose Chiaramonte, Mrs. Columbia Pasquino, Mrs. Frances Scalise, Mrs. Delena Glidder and the hostess.

HENDRICKSON-PETERSON MARRIAGE ANNOUNCED

Youngsville, Nov. 12—Announcement is made that on Thursday, November 5, in the local Methodist church Rev. Dwight Jack united in marriage Miss Mildred Peterson, daughter of Mr. and Mrs. Clifford Peterson, and Rex Hendrickson, son of Mrs. Maude Hendrickson, of Warren.

The ceremony, performed in the presence of the immediate families, was followed by a wedding luncheon served for the bridal party at the Pittsfield Inn. After a short wedding trip, the couple are making their home here.

JUNIOR PHILOMEL

Janet Beardsey presided at a short business meeting of Junior Philomel members at the clubhouse Wednesday afternoon and Marcia Johnson presented the following program:

Waltz in C sharp minor, by Chopin, Maxine Ann Beebe; Marche Militaire, by Schubert, Marilyn Emery; The Rosary, by Nevin, Frances Ann Carlson; Dance of the Doll, by Poldini, Marcia Johnson; Girl With the Flaxen Hair, by Debussy, and Mazurka in F sharp minor, by Chopin, Janet Beardsey. At the close of the program, refreshments were served.

National Education Week Is Observed In Borough Schools

While the gasoline rationing registration program being carried on in the schools today and tomorrow made necessary some changes in the scheduled observance of National Education Week, a number of the buildings have held very successful parents' visiting days during the week.

A large number of parents and interested friends visited the McClintock building Tuesday afternoon and enjoyed a program which included the following numbers by pupils:

Talk on observance of National Education Week, Charlotte Harrison, sixth grader; four choral readings by first grade, Miss Lincoln directing; seven songs by second graders, Miss Jolley directing; play, "His Name Was Horace Mann"; by sixth grade under direction of Miss Anderson; choral reading and songs by sixth grade, directed by Miss Anderson.

Because of the great amount of work required for the registration schedule, it was necessary to postpone until further announcement

TIMES TOPICS

WORK BEING RUSHED

Carpenters and other mechanics are at work on the building housing the Lexington avenue rink damaged by fire some time ago. The work is being rushed with all possible speed in order that an opening may be made as soon as possible. The floor has been taken up and dried out and it can be re-laid as soon as the other work is finished. The new rink will be more attractive than before the fire.

APPROVAL EXPECTED SOON

Approval of applications to the WPB for material to remodel the Blue and White Restaurant on Liberty street as a result of their recent fire is expected soon. The application is now in process of action and early results are expected. In the mean time new furnishings are being put in readiness for installation as soon as the repair work is completed and Constantine Spiridon states that when the place is opened again it will be even more attractive than before the fire damaged the place.

RUMOR IS DENIED

The rumor that enlistments in the Navy are no longer received is denied by Chief Petty Officer Edward White, USN. He has received orders from the Navy Department to the effect that there is no truth in the report broadcast by radio that the Navy will stop taking volunteers, December 31st and start taking drafted men. As long as the youth of the nation continue to volunteer as they have in the last few months there will never be any need for the navy to fill its ranks with drafted men.

MAKE RESERVATIONS

Gasoline rationing and the tire situation evidently hold little influence on deer hunters as Mine Host Wallace of the Carver House reports that he has more reservations from deer hunters than in history. Already several parties have reserved rooms at the hotel and almost every day letters of inquiry as to rates, etc., come into the hotel. The fact that walking distance of the city deer may be shot has been rumored among the hunters of Pittsburgh and places in Ohio is a factor in attracting hunters to this city. Many of the tourist camps about the town have also been receiving inquiries relative to quarters during the hunting season. With the deer herd in good shape this year and the animals larger than for years past the army of deer hunters will be large.

WARREN'S GOOD RECORD

In Civilian Defense Warren county ranks high for its preparation for the handling of air raid emergencies. This county has enrolled 2,228 persons in the air raid service and in proportion to the population has one of the largest bodies of protectors in the state. In all over Pennsylvania there are 550,000 persons in the air raid service which is 250,000 less than the goal set. Crawford county has 3,094 and Forest county 359 persons in the service which also ranks them high in proportion of their populations. Warren county's control center in this city also ranks high and has served as a model for those of several surrounding counties. County Chairman Allen Gibson of the Council of Defense in recent bulletins issued is greatly commended for the excellent work accomplished in the county.

plans for the high school's observance. At Beatty, parents' night was held on Tuesday, with a great many coming to visit the one hour of classroom work and tour the building to meet the teachers.

At East street, parents visited the various rooms on Tuesday and enjoyed informal numbers given by pupils. Parents of South street children were permitted to call any day during the week for regular class work and many availed themselves of the opportunity. Home street visiting day was on Tuesday, also, concluding with a short program in commemoration of Armistice Day. The Mothers' Club of this building stressed Education Week in its regular meeting and program last week.

Dr. Wybren Hiemstra, Radiologist of Warren General Hospital, gave a very informative talk to the Kiwanis Club yesterday on X-rays. A specialist in this field of medicine, he has for some months been in charge of the X-ray department of the hospital.

Tracing the history of X-rays from their discovery in 1895 by Roentgen, he told of the medical advances that have been made both in equipment and use. 200,000 volt machines for therapy, shock-proof equipment, devices that will take pictures of sections of the body for particular study methods for the study by X-ray of any organ, all these are available for medical study and treatment. The new equipment which the hospital installed after the Community Drive two years ago is as modern and complete as anything in this section of the country.

X-rays are produced by running a high voltage through a vacuum tube. Electrons are driven to the positive target in the tube, and such electrons as are stopped by the metal have their energy changed to an X-ray wave, which is focused and projected outside the tube. The high voltages used give great penetration, and permit treatment in deep sections of the body.

Modern medical usage of X-rays include not only the taking of pictures for diagnosis, but also therapy in skin disorders, cancer, brain tumors, sinus trouble, and many other diseases which formerly did not respond readily to medical treatment. It is in this field that our hospital finds increasing use to the community of its modern and complete equipment.

Earl Flohr, chairman of Kiwanis 20th anniversary committee, announced that Thursday, November 19th, 6:30 p.m., would be the date of an informal dinner party at the Carver Hotel for the twentieth anniversary ladies' night. This affair will be an anniversary celebration dinner and also combine a Thanksgiving festival. Turkey, with all the other holiday fare is to be featured. Admittance is to be by ticket and they are being distributed by the attendance committee.

The Saturday Evening Boys' Club, sponsored by Kiwanis Club with the cooperation of the Y. M. C. A., will start Saturday evening, November 21st, it was announced by Dr. J. R. Elliott, chairman of the SEB committee.

Mrs. Mary Ann Lundmark, student at Warren High school, sponsored by Principal F. W. Bathurst in connection with the observance of National Education Week, gave a very fine address, using four words, "I Am An American," as her subject and winning the admiration of her audience by the quality of her oratory.

Guests at the meeting were Ralph Jimson of the Jamestown Club, and Jay McCausland, son of A. N. McCausland, member of the club.

IF Allies Capture The Mediterranean

1 GIBRALTAR, only Allied bridgehead on the north coast of Mediterranean, may be the start of a new overland invasion highway across Spain and France to Germany.

3 ITALY MIGHT BE bombed out of the war, then used as the land and air base for a frontal attack against Germany across the Alps or for an encircling sweep through France.

4 WITH CHETNIK ARMY still fighting in Yugoslavia, Balkan invasion may be feasible through Greece or, with Italy already knocked out of the war, through Yugoslavia.

Wide World Features

The American invasion of Africa timed with the British defeat of Marshal Rommel gives the first definite direction of Allied long-range strategy in Europe.

The joint movements are designed to give the Allies control of all of North Africa and of the Mediterranean Sea, the latter a military advantage denied the Allies for nearly a year.

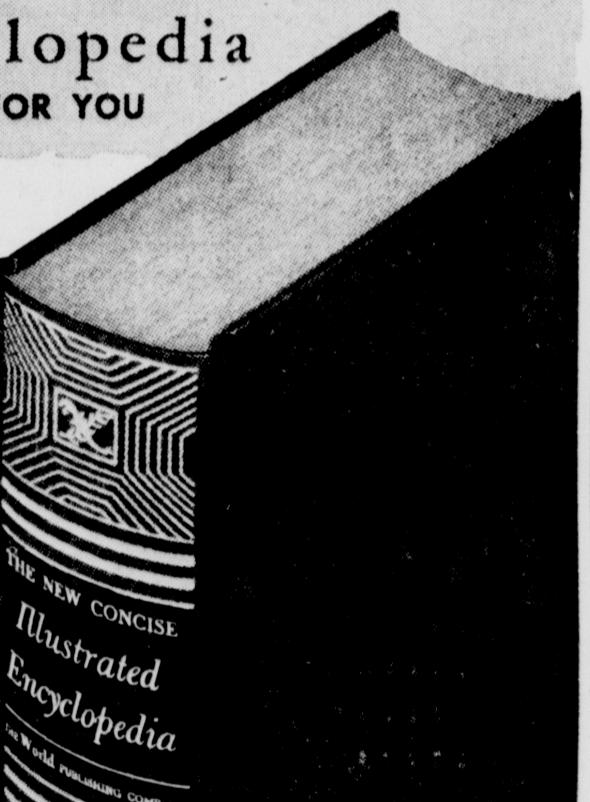

If this "first historic step to the liberation and restoration of France" succeeds and the Allies win their preliminary objective, four good alternative invasion routes to Europe and the heart of the Axis will become available.

Diplomatic barriers melt quickly and the Vichy-American relations which precluded a direct land attack through southern France (No. 2 above) dissolved a few hours after the American operation against North Africa.

Olds, Eagle Halfback, Scores After Long Run In Second for 6-0 Win

Youngsville's heavy backfield proved too much for the Sheffield Wolverines yesterday in their traditional Armistice Day battle at Sheffield, emerging victorious after a hot contest all the way through by a score of 6-0. Olds of the Eagles got away early in the second period for a run of 52 yards before he was downed on the 8 yard stripe. Here Hove, big Youngsville fullback, slid through for 5 yards and Olds took over again and smashed through the line for the only turnover of the game. The game showed all of the rivalry that the two teams held for each other and although it was featured by hard running, tackling and blocking, both teams played clean football and the best team came out on top. Sheffield claims a sort of moral victory in that their eleven went into the fracas as the underdog and then held them to that one touchdown.

Whirlaway Looms As "Horse Of the Year" for Second Time

By SID FEDER

New York, Nov. 12.—(P)—It's pernicious to hand Whirlaway more poses than he already has, but with the returns just about complete, it begins to look like Mr. Big Tail is the "horse of the year" again.

This will no doubt raise more an a mild beef from the Alsab steering society. Their argument that the Sab hung it on Whirly to out of the three times they set, that the Chicago Express led up a bigger bankroll this year and that, in winding up his aces yesterday by running on a tenched ankle and still knocking a set of handicap gallopers in Victory Handicap at Belmont, Sab was quite a bundle of hay.

That's their story, but from on the record rides with Warren Wright's whizz-bang. He's gone through a campaign even

stiffer than Alsab's and has carried weight burdens resembling loaded brewery trucks. Yet he remained as sound as the mint, while the Sab had to knock off a couple of months with sore legs.

On top of that, Whirly picked this year to wipe out Sea Biscuit's money-winning record. His \$8,625 pay-check for the Governor Bowie handicap at Pimlico yesterday skyrocketed his three-season bank account to \$548,461.

Alsab picked up \$227,715 for 1942, compared with Whirlaway's \$198,800. However, he had the benefit of 10 purses from \$25,000 to \$75,000 to do it. Mr. Long Tail had a crack at only one of more than \$25,000. The Sab blew a lot of his fanciest financial opportunities, like the Derby and the Belmont, while the war came along to rob Whirly of his one shot at the heavy sugar—the Santa Anita \$100,000.

Chicago, Nov. 12.—(P)—The American Football Statistical Bureau came up with these "mots" today among the nation's major grid teams.

Most pass interceptions—23 by Stanford (for 191 yards).

Most yards from interceptions—375 by Wisconsin (from 21 interceptions).

Least number of interceptions of own passes—none in 46 attempts by Hardin-Simmons.

Most passed against team—Boston College 152, Missouri 151.

Team with most passes completed against it—Missouri 67, Kentucky 66.

Line accounting for greatest yardage to opposing ball carriers—Texas A. and M. 311 yards.

Most yardage gained from punt returns—665 by Tulsa.

Although winning 34-6.

Miami and Tulsa also ran one in pass defense, in which Miami had allowed its foes an average of 28.5 yards a game and Tulsa 34. At rushing defense, where Boston College was far ahead of the field with a 26 yard average, Miami held eighth place with 66 and Tulsa ninth with 67.

The American football statistical bureau said today that Miami at first was not regarded as a major team, but that because of its record and opposition, it no longer could be ignored in national tabulations.

Although beaten twice by Jacksonville Naval Pre Flight, 14-0, and by North Carolina State, 2-0, total defense figures show that Miami has held its opponents to an average of 93 yards a game in six contests. Right behind comes Tulsa with 101. Miami has defeated Tampa, St. Louis, Rollins, and Furman and has yet to play Florida, South Carolina and West Virginia.

Tulsa boasted of a 90 yard average until its meeting with Oklahoma A. and M. last week. It not only gave up more ground than usual but also permitted the first touchdown by an opponent,

although winning 34-6.

Villanova, Nov. 12.—(P—) Pezelski, star right halfback Clipper Smith's Villanova Wildcats, may be out of Sunday's game with the University of DePauw. Pezelski, who was shaken badly when the Villanovans of Iowa State, was kept out of form during a practice drill yesterday and Smith indicated Zig Zmlynski might fill his place.

Atlanta, Nov. 12.—(AP)—"bow bid" Pixies under foot, Georgia Tech's undefeated Yellow Jackets meet Alabama's Crimson in game that demands a major portion of the national football spotlight.

The 32,000 Grant Field seats were sold out weeks ago. Boasting a tremendous line, hasn't allowed a single touchdown by rushing this year, Alabama will attempt to stop one of country's most diversified attacks when Tech's 12 horses on the offense. Only by stopping every offensive weapon known to man can the Crimson have a bowl-bound march of the Exiles.

Last odds quoted by catambling gentry around the parts give the Jackets a 7-5 edge, but on the face of the record of these short odds are questionable.

Baton Rouge, La., Nov. 12.—Halfback Sulcer Harris wound up as a spectator at Army-Notre Dame game in New York rather than the hero Louisiana State's 26-13 win for the day.

Harris got lost in the New York subway enroute to the grounds. He came out once to Yankee Stadium, found he was at the wrong place.

Coach Bernie Moore was digging his nails with his team ready to take the field before Harris showed up at the right stadium. The 155-pound youngster proceeded to lead a four-touchdown drive to conquer the Rams.

New York, Nov. 12.—(AP)—Manager Leo Durocher of the Brooklyn Dodgers is expected to arrive here today or tomorrow for a conference with Branch Rickey, successor to Larry MacPhail as franchise boss of the Brooklyn National League entry. As yet neither Durocher nor Rickey has so much as hinted as to Durocher's prospects of managing club in 1943.

First Blow In The Battle for Tunisia Struck By British

(From Page One) take over the Toulon fleet, three battleships and a powerful flotilla of cruisers, destroyers and light craft.

Broadcasts from the French radio at Vichy and dispatches transmitted by Havas, official French news agency, announced:

"Inasmuch as French naval chiefs at Toulon have pledged themselves to resist all aggression, German authorities have decided that Toulon shall be a separate region. Toulon will not be occupied, and French warships will be safeguarded."

Since for virtually the only safe guard for the long idle fleet appeared to be its option to steam across the Mediterranean port of France. It gave no indication what response the appeal had brought. French sailors, of course, know that Vichy broadcasts now are German.

German broadcasts quoted Germany as adding that Hitler, himself, decided that the Germans should not move into this one bit of France—but even this dispatch of despair of any effort to explain the führer's magnanimity over this point.

Havas, now German controlled added that Hitler, himself, decided that the Germans should not move into this one bit of France—but even this dispatch of despair of any effort to explain the führer's magnanimity over this point.

Berlin broadcasts quoted Germany as adding that Hitler, himself, decided that the Germans should not move into this one bit of France—but even this dispatch of despair of any effort to explain the führer's magnanimity over this point.

London, Nov. 12—(P)—The German high command said today the \$5,000-ton British passenger ship Queen Elizabeth, sister ship of the Queen Mary, had been torpedoed in the north Atlantic.

London, Nov. 12—(P)—Reuters reported the Vichy radio broadcast to-day that the town of Bone, in eastern Algeria, 60 miles from the Tunisian border, was occupied by American troops this morning.

London, Nov. 12—(P)—The Associated Press today from a reliable European source that Pierre Laval carried terms for an immediate German-French peace settlement when he flew back to Vichy yesterday from his three-day meeting with Adolf Hitler at Munich.

London, Nov. 12—(P)—Another force of Allied jungle fighters wiped out enemy troops surrounded south of Gorari. No details were given.

London, Nov. 12—(P)—The CIO convention today hailed the new United Nations offensive with a pledge of all-out support until it ends in the heart of Germany—and at the same time—gave unqualified support of Harry Bridges' west coast longshoremen's leader, in his fight against deportation.

London, Nov. 12—(P)—The RAF attack beyond the South Pacific to the far north Aleutians and resulted in the shooting down or destruction of 16 enemy planes, and possible damage to warships, cargo vessels and shore installations.

At Kiska, where there has been virtually no action for several weeks, army bombers attacked and damaged two Japanese cargo vessels.

Army planes also roared down on Holtz Bay on Attu Island near the end of the Aleutians archipelago and destroyed seven float-equipped Japanese fighting planes. They encountered no opposition.

In the Solomons, pilots of two Grumman "Wildcats" took their planes through a formation of 15 Japanese "Zeros" 27,000 feet over Guadalcanal. Their daring attack brought down one of the enemy planes.

Also on Guadalcanal, army planes joined in the battle with Japanese invaders, and a recheck by the navy of an attack on an enemy cruiser-destroyer formation last Saturday showed that eight "Zeros" and eight biplanes, all equipped with floats, had been destroyed. Originally only a total of 12 planes were reported shot down in that engagement.

Also on Guadalcanal, army planes joined in the battle with Japanese invaders, and a recheck by the navy of an attack

Desert Shuttle Near End of Line?

For more than two years the forces of Britain and the Axis have been pushing each other back and forth across almost 600 miles of north Africa's arid coastal wastelands. Now the Imperial Army of the Nile is launched on an offensive which its leaders have announced will end only with the annihilation of the Nazi-Fascist troops. The chart, plotted across time and mileage shows how the campaigns have fluctuated.

Boys Spend A Busy Day At Y.M.C.A.

School vacationers spent a busy day in the 'Y' boys' Dept. game room yesterday. In the morning ping-pong and pool tournaments were conducted for the Cadets and Juniors. Wayne Fitzgerald won the ping-pong tournament by defeating Johnny Elliott in a closely contested race. James Albaugh came out on top in the pool tournaments, after taking the semi-final round from Eugene Reynolds. By the end of the day well over a hundred boys had used the various game room opportunities. The Lacy Gra-Y used the Community Club period from 4:30. There were fifteen members present to enjoy gym activities and a swim.

At the bi-weekly meeting of the Boys' Council on Tuesday evening the following officers were elected to guide the group during the fall and winter season: President, James Albaugh; vice-president, Glenn Farr; secretary-treasurer, Richard Stone. The Council is a group of thirteen boys who voluntarily assumed responsibility for the supervision of game room activities, e.g., issuance of equipment, selling of candy, etc., checking coats, and many other service tasks essential to the efficient operation of the Department. Members of the group other than the above mentioned officers are: Bob Eadie, LeRoy Gibson, Glenn Grosch, Melvin Grosch, John Hanrahan, Nickie Mangus, Richard Pangborn, Carl Smith, Jay Smith, Raymond Streich. A schedule of hours on duty has been posted and for the past two weeks each boy has been efficiently fulfilling his task.

The Bible suppers, so popular among the boys in past years, will begin this season's series on Friday evening, November 20th. The group will be divided into several teams and all competition will be on a team basis with the winner receiving a plaque to be hung in the Boys' Dept. game room. The name of the winning team, together with the team members' names will be engraved on the plaque. More detailed plans for the opening supper will be announced later.

NOTICE

No. 44 December Term, 1942

In the Court of Common Pleas of Warren County, Pennsylvania

To Charles Harlan, Trustee of Charles F. Roberts and any Successor Trustee or the legal representative of Charles F. Roberts,

To Joseph M. Wardwell and John Broach, or their legal representatives, or whoever may be the holder or holders of the mortgages hereinabove mentioned.

TAKE NOTICE that on October 28, 1942 Maude M. Morrison presented her petition setting forth that she and Anna I. Morrison are the owners of part of Warrant No. 3725, Corydon Township, Warren County, Pennsylvania, bounded and described as follows: on the north by the northerly line of said Warrant 3725; on the east by the easterly line of said Warrant; on the south by the southerly line of said Warrant and on the west by a line drawn across the Warrant from the north line to the south line parallel with the east line and far enough westerly therefrom to embrace 200 acres; that unsatisfied mortgages upon said land remain of record in the Recorder's office of Warren County, viz: one given by Stephen R. Morrison to Charles Harlan, Trustee of Charles F. Roberts dated June 1, 1861, recorded in said Recorder's office in Mortgage Book "A," page 592, securing the payment of \$6018.76 and interest; another mortgage given by said Stephen R. Morrison to Joseph M. Wardwell dated October 1, 1874 and recorded in said Recorder's office in Mortgage Book "C," page 171, securing the payment of \$3500.00 and interest; another mortgage given by Phebe T. Morrison to John Broach dated October 15, 1881 and recorded in said Recorder's office in Mortgage Book "F," page 205 and securing the payment of \$400.00 and interest; that a period of more than twenty-one years has elapsed since each of said mortgages became due and payable and that no payment to apply on any of said mortgages has been made within said period and praying for satisfaction of such mortgages.

Whereupon said Court ordered this notice served upon the parties first above mentioned requiring them to appear in said Court on December 7, 1942 to answer said petition, and to show cause why the proper decree should not be granted and each of said mortgages satisfied.
